

Classic Cadillac Mechanics List

compiled by Doug Bailey
December 2019

GENERAL WORK

Blue Moon. Marc Van Winkle, ASE Master LI. A.A.S. ECET. 513 Glover Street, Marietta, GA 30060. (770) 872-4962 bluemoonautomotive.com I can recommend him 100%. Marc takes care of the '64 and his shop is clean, efficient and he doesn't hold your car hostage. Recommended by Martina Butler.

Adam and Mike Byars. (404) 580-0130. Adam lives in Acworth, is a Mercedes technician in Roswell. His dad Mike has a shop in Acworth. Mike knows Cadillacs well, but his back is bad. Adam works with him in his spare time. You have to call and work out a weekend he can take a project on. He has a lift and a garage to keep your car out of the rain, but time is a challenge. Don't do this if you are in a hurry. Referred by Doug Bailey, Rob Kaufman, Forrest Ward.

Cadillac of Lake Lanier. Owner Marty Pecora says his guys are capable (and willing) to do service for older Cadillacs. They did the brake job on my '96 Brougham, and I was completely satisfied. CLL is also a big time sponsor of our club, and host to many clinics and other car show events. If yours is a new Cadillac there is no one better! 2355 Browns Bridge Rd, Gainesville, GA 30504. (770) 872-0874.

Calhoun Auto Repair & Machine. 422 S. Wall Street, Calhoun, GA 30701 (706) 383-8501. Owner is Shane McDoogle. Cylinder and head work, pistons, valves, and gaskets for owner's assembly at a great price. Recommended by Mikey and Michelle Anderson, who had their 429 done by Shane in 2018.

Digger Don's Hi Performance Engines. 2801 Cole Court, Norcross, GA 30071 (770) 448-3166. <http://www.diggerdons.com> Referred by Bob Winchell.

Goza Auto Parts & Machine Shop, 4391 S Main St, Acworth GA 30101- 5542. (770) 974-2088. Another very good machine shop. Provided by Jay Friedman.

Josh Mills at Mills Customs. 358 Roswell St. Marietta Ga 30060. (770) 419-1933 Cell (688) 984-3276. Highly recommended by Winchell and others. Josh is a Peach State Cadillac club member who can do most anything. He has been busy and that made him hard to get for smaller jobs, but he is adding a new guy so he can take on smaller projects. Owns a '54 Series 62 convertible.

J Martin Automotive. John Martin 5000 Old Ellis Point Roswell, GA 30076 [678 602-8069](tel:6786028069) john.martin109@comcast.net Specializing in Bentley's and Rolls Royce, but works on all Classic Cars (Automotive Repair). Recommended by Rob Johns.

Peach State Classics. Charles Williams and Randy at 1780 Hembree Rd. Ste 301 Alpharetta, GA 30009 [770 664-4803](tel:7706644803) Automotive Repair and Restorations. Recommended by Rob Johns, Rory O'Neill and Doug Bailey – who have all had success with them.

Randy's Cadillac Care. 640 Merritt Road, Marietta, GA 30062. (770) 218-2123. Ask for Carole. She is the desk person, but she is highly knowledgeable about Cadillac repairs. Randy has been in the business since his days with a Cadillac dealership. Used by a number of members, such as Stan Tucker and Joe Ochs. Tell her you're a member of Peach State Cadillac Club.

RS Automotive. 5105-B Peachtree Industrial Blvd Chamblee, GA 30341. (770) 452-8988. <http://rsautomotive.net> Rob Kaufman highly recommends them. "They do great restoration work, at down to earth prices. These are the guys I'm going to use when my engine kicks the bucket, to install my 500 Ci 1976 Cadillac engine that is gathering dust in our garage."

Vintage Motorcar Restorations, LLC. Ray Morgan. www.vmrcars.com PO Box 20305 Atlanta, GA 30325. (404) 355-6605. Restoration shop for body work, paint, general mechanical, and interior work. Did much of the recent work on member Doug Ivester's Phaeton.

Cadillac Clinics by Peach State CLC. <http://www.PeachStateCLC.com> Peach State CLC hosts a clinic four to six times each year to teach basic skills like inspection, brake adjustment, minor engine tune-up, etc.

ALIGNMENT, SUSPENSION, TIRES and BRAKES

E.L. Johnson Auto Parts, 1941 Roosevelt Highway, College Park, Georgia 30337. 404-767-8693. It's an old time auto parts store, with lots of parts for our Cadillacs. Also patronized by the late Bill Greene and other PSCLC members. It has a subsidiary hydraulic hose business listed as "Brake Hoses." Jay Friedman recommends. Offers brake lines, AC hoses, trans cooler hoses, power steering hoses, any hose custom made for obsolete cars, also parts (uncatalogued in basement of store). One of Bill Green's favorite places, and recommended by Bill Marsh. College Park <http://brake-hose.com/>

Fleet Auto Electric, rebuilds starters, generators. College Park/Forest Park <http://www.fleetautoelectricinc.com/>

Perfect Performance, 1089 Frazier Street, Roswell 30075. 770 992-5777. Sells tires. Mounts and balances tires, even ordered from elsewhere. Suspension work, brakes. Referred by Doug Bailey

Weaver Brake & Tire. 530 Manget Street, Marietta, GA 30060. Wheel balancing, alignments, brakes, oil & lube service. (770) 422-3904. Ron Holzclaw. Referred by Winchell and Bailey.

CHROME PLATING

S&H Chrome Plating. 817 Madison Industrial Road, Madison, TN 37115 (Nashville area). www.shchrome.com (615) 865-0100. Best Chrome Shop (don't use anyone in the Atlanta area!) Highly recommended by Martina Butler.

Dallas Plating, Inc. 109 Old Cartersville Road, Dallas, GA 30132. Recommended by Buster Miller. DallasPlating@Bellsouth.net (770) 445-8926

ENGINE & DRIVETRAIN

Buckhead Mufflers and Brakes. 2171 Piedmont Rd NE, Atlanta, GA 30324 Buckhead, Lindbergh. (404) 872-7220. Jose is Maria Azcuy's father, and Forrest recommends him HIGHLY.

Rob Kaufman, Forrest Ward, Henry Sluss and I used Jose to fabricate exhaust systems for our Cadillacs. Excellent workmanship, and even better customer service. Great work!

Cherokee Tire on Univeter in Canton. (770) 479-6588. James will bend the pipes if you can find the Cadillac resonators and mufflers. Ask for James; recommended by Winchell.

Contemporary Auto Restoration owner is Dave Caffey, who rebuilt the top end of Doug's 429. Reasonable, with excruciating attention to detail. Specializes in modern upgrades while preserving the look and feel of classic originality. Dave also installed a new heater core and new hoses, fabricating the fitments. 1005 Union Hill Rd #7, Alpharetta, GA 30004. (770) 598-3306.

Doraville Driveline and Springs, 6910 Buford Highway NE, Doraville, GA 30340-1410. (770) 441-2501. <http://www.doravilledrivelines.com>. Recommended by Jay Friedman. As the name suggests, they rebuild and replace springs, drive shafts and other driveline components. Some years ago on my '49 they ordered and installed new rear leaf springs, and fabricated and installed a new drive shaft. They have also done work for Bob Knutson and replaced the universal joints on another guy's '76 which has complicated double universals. It's a neat old-style shop with old lathes and other machine tools, and they like working on old cars.

Drive Shaft Repair, 1395 Cobb Parkway NW, Marietta, GA (770) 427-4898. Name is Russell. Referred by ROMEO members as well as several Peach State CLC members. Did the shaft in Bailey's '66 sedan and it was great, \$200, and fast (24 hours).

Will's Auto Machine Shop Inc., 3149 Chamblee Dunwoody Rd, Atlanta, GA 30341, (770) 451-4081. Jay Friedman says "I have had several cylinder heads (valve jobs) done by this shop and they do excellent work. They also do complete engine rebuilds and other engine work. The owner, Mr. Will, as well as all his employees, are very knowledgeable, work very quickly, costs are very reasonable and they like old cars. As I removed the cylinder heads from the car myself, I don't know if they will do that for you so a potential customer should ask. Also, they don't take credit cards and insist on cash from new customers, but it's well worth the inconvenience."

PUMPS, VACUUM ADVANCES, IDLE UP SOLENOIDS

Terrill Machine, 1000 Co Rd 454, De Leon, TX 76444. (254) 893-2610. Feltz Terrill Jr is president, son of the founder, and a good guy who will talk with you and listen. They are the go-to guys for rebuilding parts like your water pumps, fuel pumps, engine parts (rings, etc.). Recommended by Doug, Rob Compton, Art Gardner, Jay Friedman and lots of CLC members.

CARBURETOR REBUILDING

Carburetor Specialists. 5715 N Commerce Ct # 200, Alpharetta, GA 30004 (678) 393-1501. Carburetors and carburetor parts for classic cars. Expensive, but with a good reputation. Recommended by Winchell and Bailey.

Daytona Parts. 1191 Turnbull Bay Rd, New Smyrna Beach, FL 32168 (386) 427-7108. Recommended by Rob Compton, Art Gardner, Bob Winchell and Doug Bailey. They build most of the rebuild kits for old Cadillacs, even the ones you buy elsewhere. Their work is a piece of art. Carburetors and carburetor parts for classic cars. <https://daytonaparts.com/>

PAINT AND BODY

Tucker Body Shop. Bill and Bob did most of Bill Greene's body work on Mustangs and Fords (their preference), but also the Packard and his Cadillacs. They did touch up work on Bailey's '58. Bill's son Jeff is working on making them reliable Cadillac guys. **4200 Fellowship Rd Tucker, GA 30084** (770) 938-3181 No web site, but good reviews on Yelp.

REPAIR PANELS, TRIM, CADILLAC GRAVEYARD

A & A Automotive: Replacement parts, panels, and whole cars as far as the eye can see. Doug has spent hundreds there on all three cars, and recommends them. In Brentwood CA (East Bay). Gar Tomkins will talk to you about what you need, and chances are, he has it. 800-223-3971. Bailey bought \$400 worth of parts for his '96 Brougham; Wilson spent about the same on exterior trim on his '65 Deville convertible. <http://www.1800caddysone.com/>

C2CFabrication: Here's a source for quarter panel re-pops, per Larry Wilson:

https://www.c2cfabrication.com/products/1965-1966-cadillac-eldorado-lower-rear-quarter-panel-lh?gclid=Cj0KEQjAh4fEBRCZhriljLfArrQBEiQArzzDAVPu3ZLde3F74TZ432qjVjILTnG0HWOp6P_js9pZIMwaAm8K8P8HAQ

Cadillac Rick Smith in Texas sent Russ DeBarros his replacement quarter panel. Charged him under \$200, including shipping on a greyhound bus! M: (903) 738-0813.

Classic Fabrication: <http://www.classicfabrication.com/> \$65 for panels.

RADIATOR REPAIRS

Sims Radiator: Clay Sims came highly recommended by several Peach State members, like Vince Haaland, Bob Hendershott, Bill Greene, Mark Nichols, Doug Bailey. Clay's good... and honest! 5580 New Peachtree Road, Chamblee, GA 30341. (770) 451-2004
www.Simsradiator.com

Sims Radiator (not the famous, expensive Sims, but his cheap, but good brother) Forrest's recommendation: Decatur/Avondale 223 Weeks Street. <http://www.yelp.com/biz/sims-radiator-service-decatur>

AIR CONDITIONING

Brad at Auto Cool: (770) 433-2665. Winchell recommended Brad. **AutoCool** on Spring Road in Smyrna has been Art Gardner's go-to AC shop for decades. They really are good... 1680 Spring Rd SE, Smyrna, GA 30080 (770) 433-2665. Winchell recommends we ask for Brad

Peach State Classics. Charles Williams and Randy. 1780 Hembree Rd. Ste 301 Alpharetta, GA 30009 [770 664-4803](http://770.664.4803) Automotive Repair and Restorations. Recommended by Rob Johns, Rory O'Neill and Doug Bailey – who have had success with them.

Climate Control. Check out the CLC chapters and the online Forum for dialogue on repairs and suppliers. The one for my stacked headlamp cars are: here <http://65-66cadillaccommunity.grou.ps/talks/7277114>

Old Air Products sells after-market (under-dash) AC kits for installation in older Cadillacs. <http://www.oldairproducts.com/catalog/cadillac/cadillac-1955-1960-c-1-31000000-31000005-120132009.html> Old Air Products, 1201 Forum Way South, Fort Worth, TX 76140. (817) 531-2665.

ELECTRICAL: GENERATORS, INSTRUMENTS, SPEEDOMETERS, RADIO & ANTENNA

Hamp's Speedometer & Electronic Repair. Hamp Smith worked at the speedometer shop in Roswell for decades, then left to go on his own. He's great with speedos, but recently he repaired the circuit board in the wiper motor of my '96 Brougham. A great guy, a car guy, and very reasonable. 5725 North Commerce Ct. Suite 200, Alpharetta, GA 30004. (770) 777-1919. Near Carburetor Specialists, off McFarland Road.

HF Enterprises. Howard Foulds Vintage Automotive Radio & Clock Repair. P.O. Box 201, Wayne, NJ, 07474. OR, 92 Miller Ave #2, Elmwood Park, NJ 07407. Hf_enterprises@att.net (973) 800-4565.

McVey's (Craig Wood) has rebuilt window motors. 5040 Antioch Suite E, Merriam, Kansas 66203 (913) 722-0707 <http://www.mcveys.com/>

S&M ElectroTech. A specialty electronics shop. Greg Thompson. 8836 Xylite Street, NE. Blaine MN, 55449. Doug highly recommends them after a month-long search for speakers that would match the toasted original stereos in the dash of my '66 Eldorado. No one else could match them. Greg is a car guy who was willing to discuss the matter too. Instead of selling me rear speakers I didn't need, he helped me find replacement screens to make Pioneers look like Cadillac speakers. <http://www.turnswitch.com/speakers.htm> (877)780-2861.

Sleepy Hollow Rebuilder. 13357 Cumming Hwy (GA 20) in Cumming. Ira is the owner. Recommended by Tom Di Nucci, Doug Bailey who have both used them extensively for generators and starter motor rebuilds. Ira says 35% of his business is hot rods, customs and classics. (770) 887-2649 <https://www.facebook.com/sleepyhollowrebuilders>

TRANSMISSION

Ron Hardaman. (678) 386-4866. He rebuilt the transmission in my 54 Sedan. He has all of the old tools required to work on old Hydramatics. Great guy. Mark Anthony and Phillipe Maddox.

Dave Hembree. 620 Puckett Dr. Mableton GA, 30116. (770) 941-8387. Dave just did the transmission for my '60 Eldorado, which is undergoing restoration. Don't be in a rush, but he does good work. Winchell

Fatsco Transmission Parts. Automatic transmission parts for all makes and models including Hydramatic and Jetaway. Recommended by Forrest Ward and Buster Miller. 337 ChangeBridge Road, PO Box 635 Pine Brook, NJ 07058 (973)227-2487 or (800) 524-0485. <http://www.fatsco.com/index.htm>

High-Tech Transmission Service, 7207 Buford Hwy. (770) 446-9241. He rebuilt the transmission on my '63 Cadillac in 2008. It has not used any transmission fluid since. Cost was \$1804. Provided by member Jimmy Dorsey.

High-Tech Transmission on South Cobb Dr. 1200 S. Cobb Dr. (770) 428-7474. Jack Nicholson uses them and recommends them.

Ken Hood (Hood's Garage). Mableton (770) 948-8011. He was trained in the 1950s or 1960s on Hydramatics and really knows how to make them work like they are supposed to. He has rebuilt two for me and serviced one other of mine, all to perfection. I don't enjoy using the guy, but have always found his work to be great. If you do work with him, tell him I sent you (he seems to like me okay). *Also, it pays to be extra polite and deferential.* He is prickly and if he decides he doesn't like you, you are screwed. Also, don't leave anything valuable in the car, including spare parts. Art Gardner. "Kenneth Hood rebuilt my '60 Biarritz tranny after it burned out in the Dunwoody Parade. Old school, great job." Rob Briggs. Rob Compton swears by Ken Hood: "He fixed the Hydramatic in my LaSalle, and when something went wrong later, he had me bring it back... fixed it at no charge."

Dennis Howell Transmission. Hwy 9 between Alpharetta & Cumming. (770) 887-2660. Very experienced with 50's and up transmissions. Dave Caffey and Tommy Statham.

Rick Smith in Longview Texas has 200 Cadillacs dated 1954 thru 1964. (903) 738-0813. Lewis Kelly.

Dave Edwards in Needham Heights, Massachusetts, has 40 years' experience selling transmission parts for vintage cars of all makes. Dynaflo, Jetaway, Hydramatic, TH400 rebuild kits, hard parts, gaskets, etc. Does NOT have whole transmissions. Highly recommended by Jeff Burland, one of the 'Sixties Cadillac parts gurus. USPS shipping, PayPal accepted. (781) 449-2065. <http://www.autotran.us/>

TRANSPORTATION

RoadRunner Auto Transport. A national car shipping company. Over thirty years of experience of shipping cars across the country. Also ships motorcycles, vans, oversized vehicles. Helpful information on what to consider, such as how to estimate the cost, whether to ship open or closed, time and distances, etc. Note, we have no club experiences with this outfit yet, but we've been getting lots of questions about auto shipping and have done a little research. Let us know if you have a better recommendation! <https://www.roadrunnerautotransport.com>

UPHOLSTERY AND INTERIORS

Gary Barnes Upholstery Repair/Fabrications (seats, headliners). (770) 337-7494. Gary Barnes <http://www.garybarnesupholstery.vpweb.com>.

Copeland Upholstery <http://www.yellowpages.com/atlanta-ga/mip/copelands-custom-quality-upholstery-16999008> They did the interior of Marsh's '56 CDV. Not headliner or carpet, but everything else, including door panels and kick panels. I provided the cloth from SMS. They did a great job with all new vinyl, padding, stuffing, whatever else. Bill Marsh

Hemee Head. Ron Gangster, Steve and Jeff (upholstery guy). 502 E. Marion St, Nashville GA 31638. Steve is the shop foreman (220) 237-7930. Ron is the owner (229) 237-4322. Jeff completely restored Doug's leather interior: carpets, door panels and quarter panels, and perforated leather seating. Outstanding workmanship, fair prices. Might be 4 hours from the metro area.

Henderson Upholstery. Jeff Henderson. 4981 Nelson Brogdon BLVD NE, Sugar Hill, GA 30518. (770) 932-8337. Mobile (770) 595-8976.

Henry's New Life Auto 1833 Rock Chapel Rd On Hwy 124 Stone Mtn (770) 484-8031. Recommended by Bill Greene and Forrest Ward.

Interior Magic, Woodstock, GA, 770-366-8947, interior repairs. They repaired 3 cracks in the vinyl on my '76 doors, one of them pretty severe. Did a great job, reasonable price. They work with most of the auto dealerships in the area and have several technicians. Lee Dunn

Select Classic Cars. P.O. Box 862, Hiram, GA 30141. Carl the Old Car Guy. Complete turnkey interior work. Highly recommended by Frank Patton. Also marketing and procurement assistance. info@SelectClassicCars.com (470)213-4456.

The Mad Stitchers Upholstery Shop 4945 Peachtree Road, Chamblee, GA 30341 O: (770) 455-7505 M: (770) 891-9050 <http://www.jdthemadstitcher@bellsouth.net> John H. Dutton (did Doug Johnson's '55 Buick and Bill Overend's '72 Eldorado)

Tim's Auto Upholstery. 3568 Buford Hwy, Duluth, GA 30096. (770) 418-1336. Business website timsautoupholstery.com and at **2402 Franklin Blvd, Gainesville, GA 30504** (behind Greene Ford). Recommended by Mark Nichols. They did his 64 Fleetwood almost 8 years ago and it still looks great!

Woodgrain by Estes: contact Pat Goss. 2001 Charles Street, LaFayette, IN 47904-1539. (765) 490-5634. gosp@emailaccount.com recommended by Art Gardner.

GLASS WORK

Amazing Auto Glass, Dennis Brown. O: (706) 517-2856. Cell: (706) 463-0550. Recommended by Buster Miller.

Glass by Mark, Mark Bagwell. Sole proprietor works by hour at \$75/hour. (770) 386-4249. Recommended by Josh Mills, Art Gardner, and Russ DeBarros – all say they have had excellent jobs performed by Mark, and that he is a “car guy.”

WRECKER & TOWING

Complete Wrecker Service, 344 Kathleen Dr SE Marietta, GA 30067 across from Marietta Diner in Cobb. O: (770) 427-7700 M: (770) 780-5894. Recommended by Jack Houston and Bob Winchell, as well as the ROMEO car club.
